The National Environmental Policy Act (NEPA) requires a federal agency determine if the proposed federal action would result in significant impacts to the human environment. Unless the comment(s) received reshape the analysis to require an Environmental Impact Statement (EIS), a FONSI (Findings of No Significant Impacts to the Human Environment) will be issued through the Decision Record. A Notice of Realty Action (NORA) will then be published in the Federal Register. If you make comment on the enclosed EA, upon publication of the NORA through issuance of the Decision Record, we will send you a copy of the NORA, and a copy of the signed Decision Record. Upon publication of the NORA, one has 45 days to appeal the federal action.

If we can be of any assistance, please call M. Lynn Trost, Realty Specialist, at (775) 623-1500, in Winnemucca.

Sincerely,
